Any one of our Entry Level, Level 1 or Level 2 practical skills qualifications

Package price £75
Save up to £60 per learner!
New 14-16 Key Stage 4 Qualification Packages (including practical skills)

VTCT is offering a Key Stage 4 qualification package consisting of; AM20530 VTCT Level 2 Certificate in Hairdressing and Beauty Therapy (VRQ) plus one practical qualification from the new suite of foundation level practical qualifications, designed specifically for 14-16 year old learners, across the full spectrum of Hair & Beauty skills.

These qualifications provide the necessary foundations for those who wish to pursue a career in Hair & Beauty therapy by progressing to a full Level 2 qualification.

These qualifications range from Entry Level 3 to Level 2 and are graded pass, merit, distinction and distinction* (P/M/D/D*). These qualifications consist of entirely new units, which differentiate Hair & Beauty skills at each level.

Qualifications are the first of their kind and the levels are determined not only by the knowledge and skills included, but also by the context in which learners learn and are assessed. For example,

- at Entry Level 3 learners will work on themselves
- at Level 1 learners may work on blocks, peers or family members
- at Level 2 learners may work on peers/family members and be introduced to working on clients.

Qualification structures can be downloaded from the VTCT website. These will be available to deliver from August 2015.

This package has many benefits for schools and their learners including:

**SCHOOLS**

- Deliver a blend of theory and practical qualifications with a cost saving of up to £70 per learner.
- Benefit from performance points which contribute to league tables.
- Keep learners enthused and engaged by underpinning content in the theory-based qualification with practical sessions.
- Benefit from improved retention rates as learners are highly motivated to succeed in practical qualifications.

**LEARNERS**

- Get to undertake two qualifications, and receive two regulated certificates upon successful completion.
- Develop their technical hair and beauty skills and those more generic (i.e. communication, time management, customer service etc) making them more rounded individuals.
- Greatly enhance their progression opportunities, particularly those seeking to pursue a career in hairdressing and/or beauty therapy.

Tutor resource pack

VTCT has produced a tutor resource pack, which includes lesson plans, PowerPoint presentations, and learner tasks and activities to support the VTCT Level 2 Certificate in Hairdressing and Beauty Therapy (VRQ).

The resource pack can be ordered from the resource page of the VTCT website for just £200, or contact Customer Support for further information:
Tel: +44 (0) 23 8068 4500
Email: customersupport@vtct.org.uk

PTUs will enhance the learning process by:

- Enabling learners to perfect skills and services
- Building learner confidence by engaging them throughout every practical session
- Providing access to learners of all levels, ages and skills sets to the world of beauty therapy
- Bridging the gap between theory and the practical application of those theories on models
